## OBJECTIVE

Full-Stack Developer with 3+ years of experience engineering scalable web and mobile applications across real estate, e-commerce, and travel platforms. I build end-to-end products, from pixel-perfect frontends in React and Next.js to robust Django REST APIs and Swift mobile apps. Currently leveling up with an MBA at the University Canada West, combining technical depth with business strategy. I don't just write code, I build products that work.

---

## SKILLS

**Frontend:**  React, Next.js, TypeScript, React Native, NativeWind, Tailwind CSS, HTML, CSS, JavaScript
**Backend:**  Django, Django REST Framework, Vapor, JWT Authentication, PostgreSQL, Python
**Mobile:**  React Native, Expo, Swift, Xcode, Biometric Authentication
**Tools & Other:**  Git, GitHub, REST APIs, Stripe, Unity, Expo Router, JWT, Mapbox, Firebase

---

## EXPERIENCE

**Full-Stack Developer — HILLRAVE**                                      Sept 2023 - Nov 2025
*Lagos*

- Built a comprehensive real estate marketplace with multi-role authentication for buyers, sellers, agents, and property managers
- Integrated Mapbox for interactive property location mapping and Paystack for secure payment processing.
- Developed REST API back-end using Django REST Framework with JWT authentication.
- Implemented advanced search and filter functionality with React and TypeScript frontend

**Software Developer — Remote**                                      Feb 2023 - Aug 2023
*Remote*

- Developed and maintained full-stack web and mobile applications for various clients
- Built Haze District Estate, a React Native property management app with biometric authentication and visitor management
- Developed Rave Sport, a full-featured e-commerce platform with Paystack payment integration

**Junior Software Developer — Remote**                                      Aug 2022 - Dec 2022
*Remote*

- Developed and maintained full-stack web applications for various clients.
- Tested and debugged applications across multiple devices and platforms to ensure consistent performance.

---
